

Platform Supports Private and Non Gov. Collective Ownership known as **VERTICAL COLLECTIVISM**

# NEW UTILITARIANISM

**Systems of Logic, Principles, Morals & Justice**

- Democratic Republics
- Free Market Economy
- Capitalist Finance Systems
- Support Vertical Collectivism

Countries that are Democratic, free speaking, open market systems can apply these principles.

- A System of Logic
- Bettering the Whole
- Universal Natural Order
- Happiness & Fulfillment
- Meritocracy
- Common Sense Solutions
- Independence & Prosperity
- Supporting Transparency
- Working Towards Greater Good

**Utilitarian:**  
Seeing situations at a basic level, looking at the lowest common denominator to see situations for what they are. Removing the layers to know the core issues. Then acting accordingly to implement meaningful and practical solutions.

People Wanting Life, Liberty & Justice. Entrepreneurs, Humanitarians & Artists by default are Utilitarians.

Open trade between individuals, to move freely and exchange in commerce; including personal property and land ownership.

Socioeconomic evolution through: skill, knowledge, merit, innovation, expertise and exchange of information without restraint.
